National Girl Child Day Celebration on 24-1-2025

On the occasion of National Girl Child Day, the Internal Compliant Cell and Women Empowerment Cell of S.V.A. Government College (M), Srikalahasti, organized a program "National Girl Child Day Celebration" on 24-1-2025 and conducted a counseling session for girl students through a questionnaire. The theme, "Empowering Girls for a Bright Future," emphasizes equal opportunities for girls in education, healthcare, and personal growth. The objective of the survey was to strengthen the mental and physical well-being of girl students through various perspectives. Dr. Y. Nagaraja Naidu, the Principal of the college, encouraged and supported this counseling initiative. The WEC convener, Dr. M. Thulasi, and the team members actively participated in this program and distributed questionnaires structured around five key criteria: Personal Well-being and Mental Health, Empowerment and Aspirations, Education and Skill Development, Healthcare and Personal Growth, and Support and Empowerment Programs. Through these forms, all participating girl students were involved in the program. The WEC's goal was to identify and provide counseling to students facing challenges. The survey lasted for two days and involved 55 female students from the first and second years of the college.
